What's NXT in the world of FOOD

IFEX Philippines NXTFOOD Asia seeks to answer the question “What’s NXT in the world of FOOD” by giving exhibitors from the Philippines and beyond a platform to showcase premium food exports, emerging trends, best practices and industry innovations to the world’s biggest buyers.

Global culinary masters, F&B and hospitality practitioners, and food enthusiasts will likewise be given access to the colors, flavors and textures that make Philippine food the next big thing in Asian cuisine.

As in editions past, this year’s show is also our way of inviting buyers and visitors to experience Filipino hospitality at its finest. Come, see, taste and experience the mix of culture and traditions to know that it is indeed more fun in the Philippines!

IFEX Philippines NXTFOOD Asia is organized by the Department of Trade and Industry through the Center for International Trade Expositions and Missions (DTI-CITEM).
